

Psst: Did you ever wish to
relive the moment of birth?

Birth

A TEN WEEK SERIES
ON THE BOOK OF EXODUS

On the outside, it's a book about the birth of the Jewish People. Look closer and it's about the birth of anyone or anything. About escaping the bonds of whatever you are now. About becoming something far beyond that, without limits or bounds. And then doing the same again tomorrow.

ABOUT THE JLI:

The Rohr Jewish Learning Institute is the largest institute of adult learning of its kind. Its professionally conceived courses are taught worldwide through interactive dialogue accompanied by dynamic textbooks. This series is one of the many offerings of the JLI.
